RE: Haematology Recruitment at Trillium Health Partners

16-Feb-2017

Dear Dr. Martina Trinkaus:

The Division of Haematology at Trillium Health Partners (THP) is currently undergoing an active recruitment process for a full-time Haematologist to join our team in Mississauga, Ontario. As such, we are pleased to provide you with information regarding this role and to invite expressions of interest.

To provide you with some background, the Division of Haematology is comprised of a dedicated group of Haematologists working at two sites (Credit Valley Hospital and Mississauga Hospital). The Division provides a full spectrum of Haematology consultation and related services, with care for the benign haematology population making up the largest component.

The Selection Committee is looking for individuals who are licensed or are eligible for a license to practice in Ontario with certification in Haematology by the Royal College of Physicians and Surgeons of Canada or its equivalent. The successful candidate will also have evidence of an academic interest and expertise and be eligible for an academic appointment at the University of Toronto, Faculty of Medicine.

Thank you in advance for forwarding this on to any candidates you feel meet the criteria and would be an asset to our Division.

If you have any questions, please do not hesitate to contact myself or Jigisha Shah at Jigisha.shah@thp.ca.

Regards,

Dr. Blair Ernst
Division Head, Haematology
Trillium Health Partners
