

Hematopathologist, Department of Clinical Pathology Sunnybrook Health Sciences Centre

Applications are invited for the position of Staff Hematopathologist, Department of Clinical Pathology at Sunnybrook Health Sciences Centre (Sunnybrook) in Toronto, Canada, a fully affiliated academic Health Sciences facility of the University of Toronto. Effective start date is July 1, 2017, or earlier as mutually agreed upon.

The Sunnybrook Department of Clinical Pathology and its Division of Laboratory Hematology are seeking a faculty member at the Assistant/Associate/Full Professor Level with diagnostic and academic interests in Hematopathology and Laboratory Hematology. The successful candidate must be an experienced academic hematopathologist with established track record and will join an academic laboratory faculty with diverse diagnostic expertise, teaching responsibilities and clinical research activities. The department has a high volume of interesting and challenging cases and utilizes leading edge technologies, including flow cytometry, molecular diagnostics and cancer cytogenetics. Minimum requirements include MD degree, certification in Hematological Pathology from the Royal College of Physicians and Surgeons of Canada or its equivalent, and eligibility for registration with the College of Physicians and Surgeons of Ontario. The successful candidate will have an academic appointment in the Department of Laboratory Medicine and Pathobiology, University of Toronto, at a rank consistent with academic qualifications.

Sunnybrook plays a leadership role in the Ontario health care system and in caring for its community through eight comprehensive programs: Holland Musculoskeletal; Hurvitz Brain Sciences; Odette Cancer Centre; Women and Babies; Schulich Heart Centre; Trauma, Emergency & Critical Care; St. John's Rehabilitation; and Veterans and Community. Sunnybrook has identified five strategic priorities in: Trauma, Cancer, Heart and Vascular, High-Risk Maternal and Newborn Health, and Image Guided Brain Therapies. Sunnybrook is committed to high quality inter-professional education and is the home of one of the University's four Academies for undergraduate medical education in addition to providing postgraduate and fellowship training in virtually all disciplines. The Sunnybrook Research Institute is one of the fastest growing hospital-based research enterprises in Canada with well-established programs in basic and applied research, conducting \$100 million in research each year, developing innovations in care for more than one million patients annually. Sunnybrook is passionate about providing rewarding educational experiences for more than 2,000 students each year.

The University of Toronto and Sunnybrook are strongly committed to diversity within its community and welcome applications from visible minority group members, women, aboriginal people, persons with disabilities, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Consideration of candidates will begin in April 2017. The search will remain open until filled. To explore this exciting position further, interested applicants may direct enquiries and submit their CV in confidence to: Dr. Jeannie Callum, Chair, Search Committee, C/O Dawn Dawkins, B204, Sunnybrook Health Sciences Centre, 2075 Bayview Avenue, Toronto, Ontario, M4N 3M5.

Please send applications to dawn.dawkins@sunnybrook.ca
