

**Nocturnist, Division of Medical Oncology and Hematology (DMOH)  
Princess Margaret Cancer Centre, University Health Network**

The Department of Medicine, Faculty of Medicine at the University of Toronto and the Division of Medical Oncology and Hematology at the University Health Network (UHN) are seeking to recruit an energetic and innovative Nocturnist with expertise in Medical Oncology and/or Clinical Hematology for both inpatient and outpatient settings. The anticipated start date is **September 1, 2017**, or shortly thereafter.

A family physician, hospitalist or internist will be interested in this opportunity to join our multidisciplinary team of medical and hematological oncologists, clinical assistants, nursing and allied health staff dedicated to providing first-rate care to patients with a variety of malignancies. The successful applicant will have a demonstrated passion for the medical care of cancer patients. We will provide training in the clinical care of oncology patients and offer opportunities for further professional development, as well as the ability to enhance your clinical skills and leadership experience within a comprehensive cancer centre setting. The successful candidate will be responsible for providing patient care, supervising and teaching residents/fellows, nursing and allied health staff.

The Division of Medical Oncology and Hematology at the Princess Margaret Cancer Centre is the largest such program in Canada, and is among the largest in North America. Comprised of about seventy senior physicians, the program is supported by outstanding institutional infrastructure, pathology, medical imaging, molecular diagnostics and clinical genomics programs and, by a wide medical and allied-health multidisciplinary team. The program supports extensive clinical, translational, and basic research initiatives including a large clinical trials program. Additionally, the Division of Medical Oncology and Hematology supports a comprehensive training program attracting both national and international fellows.

The Princess Margaret Cancer Centre includes the Ontario Cancer Institute (OCI), a world-class basic and translational research institute with particular strengths in Genomics, Immunology, Stem Cell Biology, Cancer Biology, and Cell Therapeutics. The close association between clinicians and scientists within the Princess Margaret Cancer Centre and OCI, provides the opportunity for collaborations on disease biology and the development of innovative and informative translational studies, allowing the applicant to achieve the goal of bench-to-bedside medicine. In addition, the Princess Margaret Cancer Centre supports active and widely-recognized clinical trials and drug development programs, and maintains a state-of-the-art GMP cell processing facility. The Princess Margaret Cancer Centre is affiliated with the University of Toronto, which is world-recognized for programs in areas including Biochemistry, Immunology, Stem Cell Biology, Genomics, Proteomics, and Cell Processing, among others. Princess Margaret Cancer Centre is a teaching hospital, dedicated to educating the world's future top cancer experts. Our role as an internationally respected teaching hospital keeps us and our students abreast of the latest medical developments and the most advanced technology.

The successful applicant must have, or be eligible for registration with the College of Physicians and Surgeons of Ontario. Salary and contractual arrangements will be commensurate with the qualifications and experience of the successful candidate. A highly attractive remuneration package is available.

Should you be interested in this opportunity, please forward your covering letter, curriculum vitae, and the names and addresses of three referees to:

Dr. Amit Oza - Chief, Division of Medical Oncology and Hematology  
C/o Michelle Williams – Administrative Coordinator  
Princess Margaret Cancer Centre, University Health Network  
Suite 7-925, 700 University Avenue, Toronto, Ontario, Canada, M5G 1Z5  
Tel: 416.946.4501 x2432 Fax: 416.946.2082 E-mail: [michelle.williams@uhn.ca](mailto:michelle.williams@uhn.ca)

**Application Deadline is: July 31, 2017 or until the position is filled**
