Canadian Hematology Society.

Subject: Invitation to participate in APBMT 2023

Dear **Canadian Hematology Society**.

We would like to extend a warm invitation to you to participate in the **28th Congress of the Asia-Pacific Blood and Marrow Transplantation Group**, which will be held at the **Padma Hotel in Semarang, Central Java, Indonesia from October 26th to 29th, 2023**. This event is organized in partnership with the Indonesian Society of Hematology Medical Oncology, Semarang Branch, and the Indonesian Society of Hematology and Blood Transfusion.

The objective of APBMT-2023 is to provide a comprehensive platform for experts and attendees from around the world to share their thoughts and present their research findings related to blood and marrow transplantation practice. The conference program will include a Presidential symposium, plenary discussions, oral and poster presentations, as well as various other topics contributing to the scientific discourse. Additionally, there will be a parallel program focused on nursing, laboratory, and data management services, which are crucial components of successful hematopoietic stem cell transplantation programs.

Please note that the conference will be held in a hybrid format, allowing participants to engage in discussions on blood and marrow transplantation research while also providing an opportunity to explore Semarang or other parts of Indonesia during a favorable travel season.

We kindly request your assistance in circulating this invitation among all committee members and members of **Canadian Hematology Society**. We highly encourage their attendance at the 28th Congress of the Asia-Pacific Blood and Marrow Transplantation Group. For further information regarding registration and application, please visit our conference website at <https://annualmeeting2023.apbmt.org/>.

Thank you for your attention, and we look forward to welcoming you and your colleagues to this esteemed event.

Yours sincerely,

**Dr. David Ma**
